

JAISHIL PATEL

BSc Computer Science Graduate
BScHons Computer Science Student

PROFILE INFO

I am a BSc Computer Science graduate and a data-driven problem solver with a strong statistical and analytical foundation, as well as a machine learning background. I greatly enjoy building intelligent, scalable, and impactful solutions. I bring a proactive, fast and determined learning mindset. I have hands-on experience in developing web and mobile applications. Beyond academics, I spend my time as an active member of BAPS charities, taking walks and working out.

EDUCATION

UNIVERSITY OF THE WITWATERSRAND

2022-2025

- BSc Computer Science
Triple Major in Computational Applications, Computer Science and Information Systems

2026-Present

- BScHons Computer Science

CERTIFICATIONS & AWARDS

- Alibaba Cloud Engineer
- PG Honours Merit Award

SOFT SKILLS

- Problem-Solving
- Fast and determined learner
- Analytical thinker
- Leader (Team Player)
- Adaptable
- Detail-Oriented
- Strong Communicator
- Time Management

PROJECTS

RaceIQ: F1 statistics tracker (**Project of the year**)

Tech Stack: TypeScript, React + Vite, NestJS, Supabase (PostgreSQL)

- Analysed 25 years of F1 data of both teams and drivers presented in an intuitive and aesthetic way.
- Performed data cleaning and transformation to ensure accuracy and consistency to discover trends.
- Implemented a feature that compares metrics, with varying weightings, of drivers and teams.
- Applied rigorous data cleaning and analysis to ensure accurate, but fast data retrieval (used materialized views to reduce loading time by 40%).

HoodGoods: Web Application for Local Artisans

Tech Stack: React + Vite, NestJS, Supabase (PostgreSQL), Jest

- Designed and implemented a full-stack e-commerce web app to help small-scale artisans sell handcrafted goods.
- Worked with structured product and user data to enable filtering and search functionality.
- Designed database queries to efficiently retrieve and organise transactional data.

WORK EXPERIENCE

Kadam - Wholesale Company
December - January 2026

Sales Coordinator

- Handled invoices, payments and coordination between front office and warehouse. Managed wholesale inventory flow.

University of the Witwatersrand
January 2026 - Present

Tutor

- Simplified complex technical concepts, improving understanding and performance

TECHNICAL SKILLS

AI and Data Science | NumPy | Pandas | Data Analysis | Basic ML concepts | Regression Models | Data Visualization | Optimization |

Databases & Backend | MySQL | SQL Server | Database Design & Management |

Programming Languages | Python | Java | C++ | C# | C | JavaScript | TypeScript | PHP | SQL |

Web & App Development | React | Node.js | NestJS | HTML & CSS | Android Studio | Supabase |

Software Engineering | Object-Oriented Programming | Version Control (Git) | Unit Testing | Agile methodologies | Test-Driven Development |
